# SAVE UP TO %80 ON AUTO AC REPAIR!

**The California Cool Air Rebate Program** provides financial assistance to eligible Californians to repair leaking air conditioning systems with R-134a refrigerant in cars and light duty trucks. Fix your AC, enjoy a cool ride, and improve the air quality in your community!

## How the Program Works

### STEP 1 PRE-QUALIFY

Visit [CoolAirRebate.org](http://CoolAirRebate.org) and answer five simple questions to see if you and your vehicle pre-qualifies. If so, move to the next step and complete the application.

### STEP 2 REBATE APPROVAL

Submit a full application online or by mail. The Cool Air Rebate Team will send you a confirmation letter if you are eligible for the program.

### STEP 3 REPAIR YOUR AC!

Bring your vehicle and the approval letter to a participating auto shop to find out if it has a leaking AC. If your vehicle qualifies, 80% of the repair cost will be covered not to exceed \$1,500.

See if you qualify today at:  
**CoolAirRebate.org**

Terms and conditions apply. Must be an eligible customer and a participating repair shop. Applies only to qualifying repairs. Repair reimbursement: The Cool Air Rebate Program will pay participating repair shop 80% of the cost of qualifying repairs up to a maximum of \$1,500 per vehicle (\$1,875 repair cost). Program does not pay any portion of repair costs exceeding \$1,875. If the diagnosis results in qualifying repairs and the consumer accepts the repairs, the program pays participating repair shop 100% of the diagnostic fee. If the diagnosis results in non-qualifying repairs or the consumer declines the repairs, program pays participating repair shop 80% of the diagnostic fee.
